

THE EXPERIENCE

Integrating virtual aspects into a traditional event model is a great way to take your event to the next level, and bring your attendees together from wherever they may be. Our team at EPIQLive is here to assist you with creating and executing your live experience, from conferences, fundraising galas, award shows and more. EPIQLive hybrid events will feature technical support and full event production in person and online.

- Production stages hosted at a number of Toronto venues
- Physically distanced green screen/recording studio in Toronto and surrounding areas
- Assistance with planning and consultation
- Presenter training and rehearsal with an EPIQLive Concierge
- Integration of real-time presentations, keynote speeches and panel discussions
- Audience participation tools (chat, questions, voting, polling, and surveys)
- Custom branding
- Simultaneous interpretation, captioning and sign language available
- Archived recordings for post-event playback
